RE: Docket no W-02597A-04-0456

July 25, 2005

Dear Commission,

This is in regard to a certified letter received on July 13, 2005 from Yvette Kinsey regarding publication/notification for a CC&N extension. The letter stated that we needed to notify the property owners by mail and publish a notice in the newspaper by July 12, 2005.

The notifications to the property owners were mailed out on Tuesday, July 19, 2005. The first available publication of the newspaper announcement was Friday, July 22, 2005.

When I received the letter and realized that it was impossible to fulfill the obligations as stated, I tried to contact the Commission on July 14th and 15th. Being unable to receive a definitive answer to the problem, I proceeded with the standard notifications last week. Hopefully, this is acceptable. If no, please notify me how to proceed.

Sincerely,

Mark Grapp
